¹ "Standard" is a positive displacement meter.

² Price includes encoder register. A District approved RFS meter is required for all single- family residences with fire sprinkler systems. Price for RFS meter does not include required tailpiece assembly that is not available through the District. Actual costs are determined on the current purchasing agreement and available through the District's Planning and Engineering Services Division.

³ Required of all new or replacement services.

⁴ Devices required under NAC 445A.67185-67255 will be installed at the added rate shown above, or on an actual cost basis as determined by a contract approved by the District's Board of Directors.

²Master metered mobile homes are not authorized in Clark County in accordance with NRS 461A.230.

³SNWA Regional Connection Charge based on audit and confirmation of annual water usage of the facility within the first three years of operation. Based on that audit, the connection charge may be adjusted accordingly.

⁴The SNWA Regional Connection Charge will be based on the potable irrigated acres of the golf course, which will include all playing areas, such as fairways, roughs, lakes, ponds, golf cart paths, sand traps, etc. The potable irrigated acres for this calculation will not include non-playing areas, although minimal potable irrigation may be required. The applicant will provide a development plan with each type of area defined with its acreage identified for District review and approval.

Table A.19 SNWA Reliability Surcharge (Chapter 7.23)

SNWA Reliability Surcharge	
Residential ¹	0.25%
Non-Residential ²	2.5%

¹A reliability surcharge will be charged on all residential customers at 0.25 percent of total water bill for service charges and consumption rate, excluding SNWA infrastructure charges. Residential includes all multi- residential, as well as single-family residential.

²All other customers will be charged at 2.5 percent of the total water bill, including service charges, backflow, and consumption rate, and excluding an SNWA infrastructure charge.
