

## PUBLIC NOTICE

### NOTICE OF CONSERVATION PLAN UPDATE

Nevada Revised Statutes (NRS 540.121 – 540.151) requires all water suppliers in Nevada to prepare a water conservation plan and to update the plan every five years. The Las Vegas Valley Water District (LVVWD) updated its Small Systems Conservation Plan in 2014 and a new plan is due this year.

The LVVWD has updated the plan to describe current efforts, as well as strategies and tactics for continued water conservation and efficiency. The draft plan covers those small water systems operated by the District, including water systems in Kyle Canyon, Blue Diamond, Searchlight and Jean, Nevada.

The draft plan is available for public comment from August 14-27, 2019 and will be considered for adoption by the Kyle Canyon Water District and LVVWD Board of Directors later this year. Please submit written comments or recommendations via our **Contact Us Form**, or mail them to us at:

Las Vegas Valley Water District  
Attention: Amy Best, MS 520  
1001 S. Valley View Blvd.  
Las Vegas, NV 89153

View the draft plan online at [lvvwd.com](http://lvvwd.com) or visit of our office to view the plan in hard copy.
